# GACUK COIN (GCC)
# Whitepaper

Built on Web3. Powered by Community.

## Executive Summary

Gacuk Coin (GCC) is an integrated Web3-based digital ecosystem designed to combine financial services, digital utilities, and real-world use cases into a single decentralized platform. GCC aims to empower users through transparent, secure, and sustainable blockchain-based solutions.

## Introduction

The rapid growth of blockchain technology has created new opportunities for decentralized finance and digital services. However, fragmentation, lack of real utility, and limited accessibility remain major challenges. Gacuk Coin addresses these challenges by offering a unified ecosystem that connects people, technology, and opportunity.

## Vision

To build a trusted, decentralized, and inclusive Web3 ecosystem that delivers real utility and sustainable digital value for users worldwide.

## Mission

To connect people, technology, and opportunity through an integrated blockchain platform that supports transparent value exchange, inclusive participation, and long-term ecosystem growth.

## Gacuk Coin Ecosystem

The Gacuk Coin ecosystem includes Mining Spin, Earning Programs, Trading, Exchange, Payment Point services, Gaming, Marketplace, Partnerships, Live Streaming, Match Love, Online Driver services, and Charity initiatives.

## Technology

Gacuk Coin is built on the Binance Smart Chain (BEP20), ensuring fast transactions, low fees, and high scalability. Smart contracts provide transparency, automation, and security across the ecosystem.

## Token Utility

GCC is used for payments, rewards, staking, trading, governance participation, and access to ecosystem services. The token is designed to support real-world adoption and long-term value

creation.

## Tokenomics

Total Supply: 100,000,000 GCC

• Lock Smart Contract Pool: 90%

• Public Sale: 3%

• Private Sale: 1%

• Liquidity Pool: 1%

• Developer: 1%

• Marketing & Growth: 1%

• Ecosystem & Rewards: 1%

• Treasury / Reserve: 1%

• Airdrop & Community: 1%

## Roadmap

Phase 1 – Foundation & Core Ecosystem

Phase 2 – Service Expansion & Utility Growth

Phase 3 – Public Adoption & Global Access

Phase 4 – Advanced Innovation & Independent Technology

Phase 5 – Large-Scale Ecosystem & Metaverse Future

## Community & Governance

Gacuk Coin emphasizes community-driven growth. Token holders can participate in ecosystem decisions, programs, and governance initiatives.
